

CORONAVIRUS CRISIS

STATEMENT OF CIFAL GROUPE TO PARTNERS, CLIENTS AND SUPPLIERS

Considering the health situation linked to COVID-19 and the measures taken by the authorities in the countries in which our company operates, the employees of CIFAL Groupe and its subsidiaries have switched to teleworking.

All necessary arrangements have been made for access to the servers and for holding meetings by teleconference or videoconference.

CIFAL Groupe will continue to provide its services wherever it operates. Our partners, clients and suppliers can reach their contacts at CIFAL under the same conditions as previously.

By adapting and enabling our company to continue its activity, CIFAL strives to prevent an exceptional health crisis from being followed by an unprecedented economic and social crisis.
